2017 MTV Movie & TV Awards Diamond Jewelry Round-Up:

*Young Hollywood embraced on-trend diamond looks
for the red carpet*

May 7, 2017 (Los Angeles, CA) -- Ingenues from film, TV and music chose fun and fresh diamond jewelry for the inaugural MTV Movie & TV Awards this evening which proved to be a strong night for women on-screen and in real life. A mix of vintage-inspired and contemporary diamond rings were on display, as well as feminine diamond earrings.

"Diamonds were the gemstone of choice on tonight's MTV Movie & TV Awards red carpet," shared **Deborah Marquardt, Chief Marketing Officer of the Diamond Producers Association**. From nominee Hailee Steinfeld's mixture of diamond and platinum rings by Neil Lane to YouTube star Jess Conte's flirty marquise cut diamond cascade drop earrings, modern diamond looks were standout style statements. "A new generation is embracing diamonds for reasons beyond just their beauty, and making them their own. They recognize that diamonds are natural, authentic, and each is as unique as the wearer."
